ABOUT TMG

Total Maintenance Group (TMG) is a small disadvantaged business headquartered in Jonesboro, GA. TMG prides itself as a leader in facility and construction management services by providing innovative and flexible management solutions that responds to the needs of our clients. The collective work experiences of senior management and staff represent decades of successful accomplishments in the fields of construction management, information technology, facility management and administrative support services.

ABOUT THE CEO

As the CEO of TMG, Mr. Eric Herkley has successfully directed TMG's strategic planning, business development, resources, quality assurance and customer satisfaction. He brings over 15 years of experience in Facility Support and Construction Management. Previously, Mr. Herkley has provided facility support and construction management services to commercial, state and federal agencies. He has managed consulting contracts and administered contracts from formation to the completion of contract requirements.
